10. PRICING APPENDIX 24

1. WHAT'S NEW

Exterior

- Two new paint colors
 - Eiger Grey (replacing Corris Grey)
 - Portofino Blue (replacing Loire Blue)
- Black Pack Availability
 - 032EI will now be available on Range Rover trim levels for the first time, previously Black Pack was only available for HSE & Supercharged models.
 - The Black Pack is available with three choices of black wheel:
 - 029TN: 21" Style 9001, 9 spoke, Gloss Black
 - 031NY: 22" Style 9012, 9 spoke, Gloss Black
 - 031YM 22" Style 5004, 5 split-spoke, Gloss Black
 - Please refer to page 20 for pricing for each derivative
- Badges
 - From 2020 model year, similar to Range Rover Velar and Range Rover Sport all Range Rover derivatives (excluding SV products) will carry a trim level badge and a power output badge prefixed with P or D depending on the fuel type.
 - For example: the existing 254hp TDV6 will be badged as the D260 along with the trim level badge.
 - Supercharged models will now have "P525 HSE" on the rear tailgate of the vehicle. The chart below outlines which badges will be applied to which models and powertrains:

Model	Badging	Model	Badging
Range Rover TDV6	No Badge	PHEV HSE	
HSE TDV6		P525 HSE (previously "Supercharged")	
Range Rover P360	No Badge	PHEV Autobiography	
P400 HSE		Autobiography	

Interior

- Shadow Walnut is now the standard fit trim finisher for Range Rover, HSE & Supercharged derivatives.
- Reductions to Option Complexity
 - CD/DVD Player now linked to Rear Seat Entertainment
 - Feedback from our retailers and customers has highlighted that there is an expectation that the RSE option should also include the CD/DVD player.
 - Removal of 8" Rear Seat Entertainment
 - This feature has been removed due to low take rates at 18MY and 19MY. The low take rate of 8" RSE is partially driven by improvements in the functionality of the 10.2" screens and 8" RSE not being available with Executive Class seats.
 - The Entertainment pack has now been updated to include the 10.2" RSE rather than the 8" RSE.
 - Removal of Gesture Sunblind
 - Customer feedback was that this feature was rarely used and could be inadvertently activated by reaching to adjust the rear view mirror. Customer impact is minimal as the physical buttons that adjust the sunblind will remain, as will the auto open/close function when the engine is started and stopped.
 - Autobiography Seating Choices
 - 300LZ is now available for Autobiography models, this offers customers the 24 way front seat with the rear bench seat to give customers a viable alternative to Executive Rear Seating without degrading front seat comfort. As a result, the previous alternative seat, 300LY will no longer be available for ATB models.
 - Smoker's Pack
 - Due to low take rates for the front smokers' pack, we removed the front smokers' pack option, leaving only the front and rear smokers' pack.

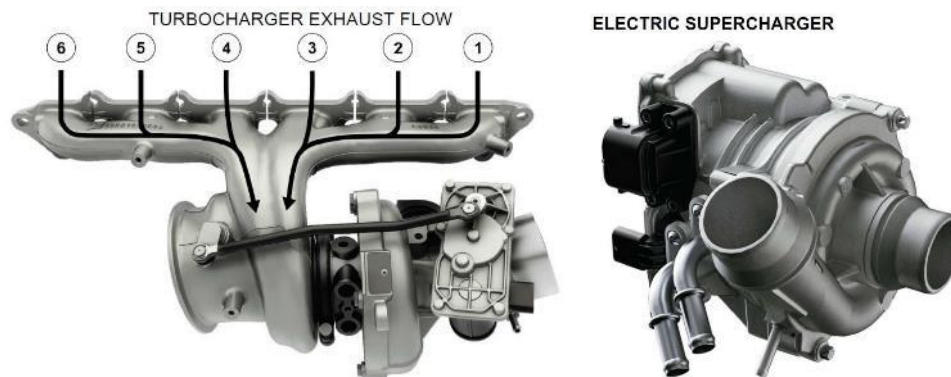

Powertrain

New Ingenium 6 cylinder Engines in 355hp & 395hp outputs.

Developed from the modular design Ingenium 4 cylinder is the AJ20P6; an In-Line 6 cylinder engine equipped with a twin scroll turbocharger, Continuous Variable Valve Lift & Variable cam timing. The result is a smoother running engine that is both stronger and more efficient than the previous Supercharged V6 engines.

- **Ingenium In-Line 6 Cylinder Features & Attributes (AJ20P6)**
 - Available in two power outputs: 355HP and 395HP
 - Even firing In-Line 6 cylinder design is inherently more refined than the odd-firing V6 configuration
 - Continuous Variable Valve Lift (CVVL)
 - Variable Cam Timing (VCT)
 - Twin Scroll Turbocharger

Mild Hybrid Electric Vehicle (MHEV) Technology

MHEV – What is It?

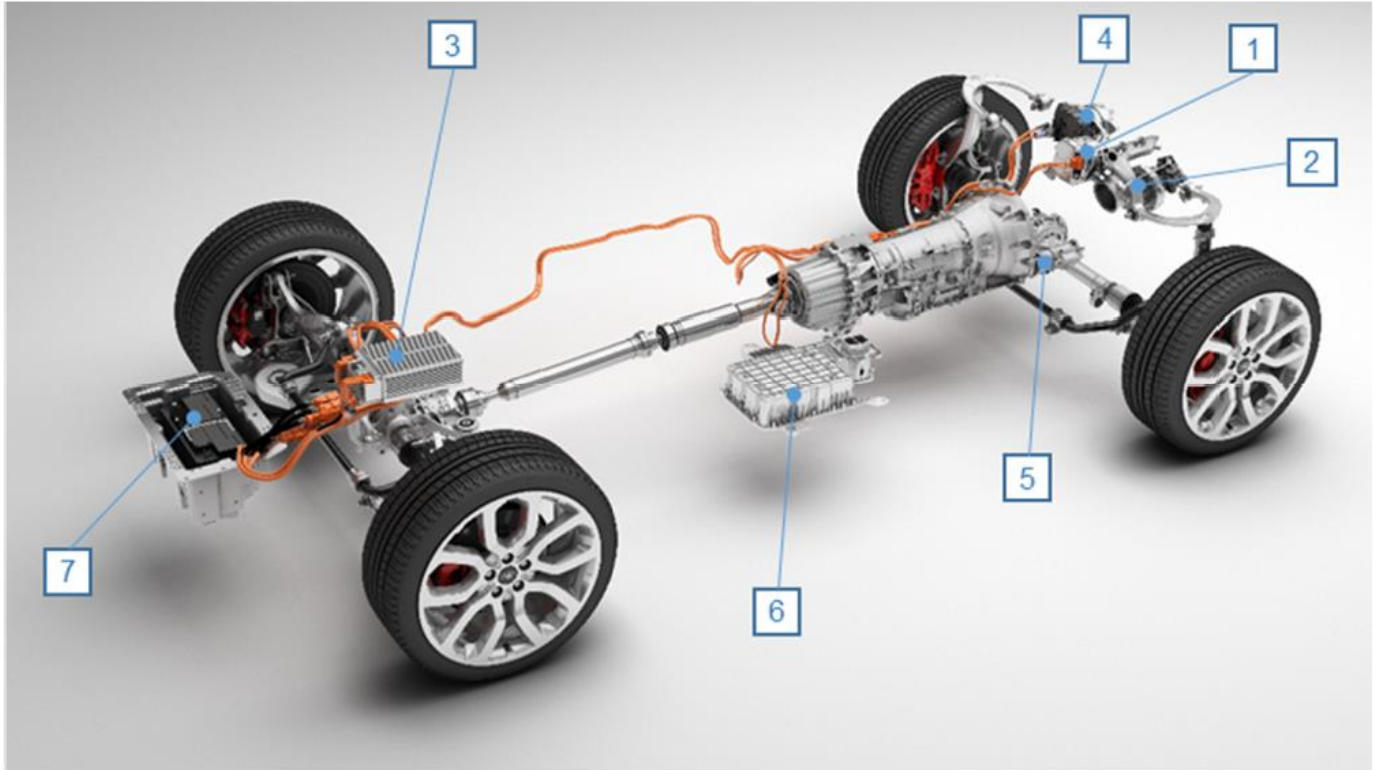

Mild Hybrids are internal combustion engines equipped with a higher capacity battery and electric motor to help make the powertrain more efficient. The electric motor is used to both supplement engine power when needed and harvest energy back into the battery via regenerative braking when the vehicle is slowing down. MHEV also enhances the customer experience for Stop / Start as it allows for the engine to remain off longer and restart smoother.

Additionally with the MHEV's 48v battery there is an Electric Supercharger equipped to complement the turbocharged engine. This allows for improved throttle response and a wider power curve as turbo lag is virtually eliminated.

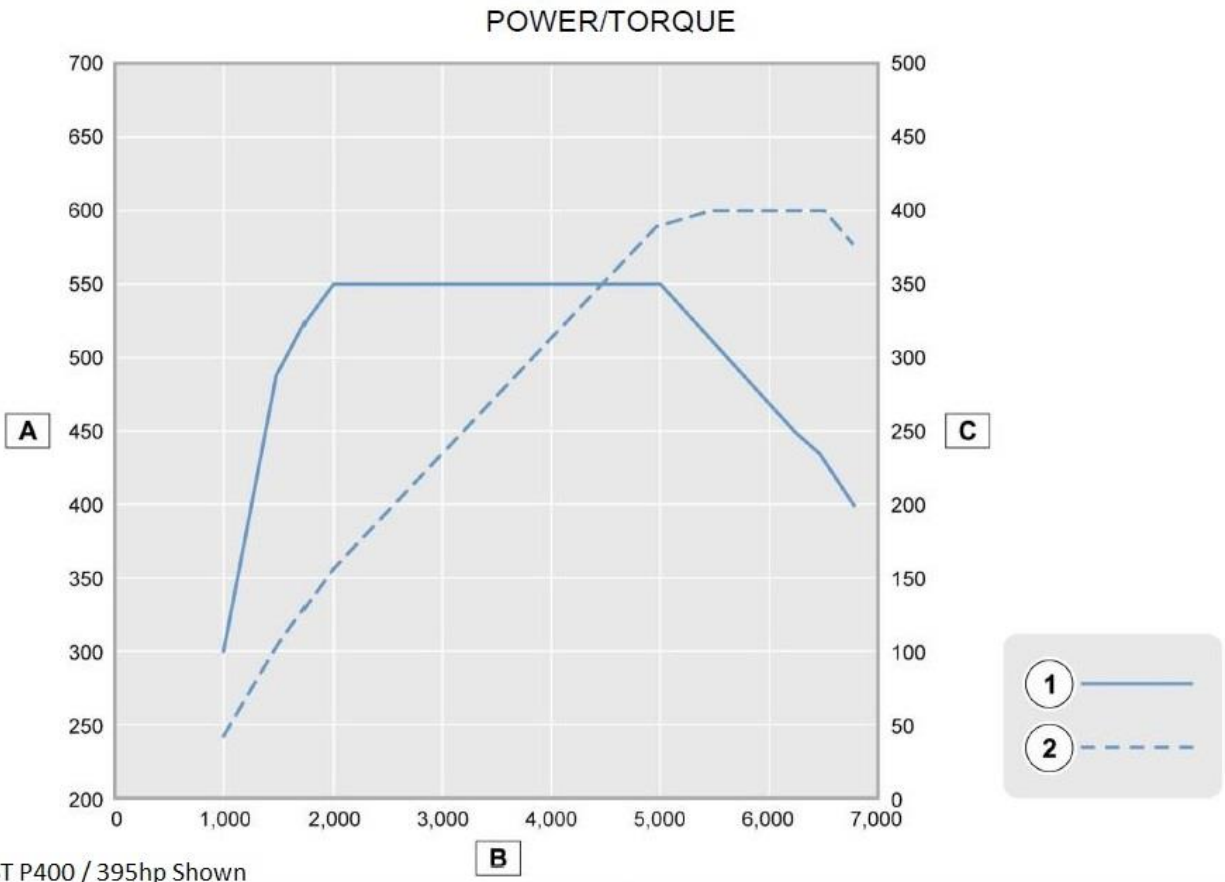

MHEV Features & Attributes:

- Improved throttle response / acceleration
- Energy re-capture from deceleration and/or braking
- Improvement in fuel economy over standard stop start system
- Improved restart speed and refinement of stop start system
- Broad torque curve (Max torque from 2,000 – 5,000 rpms)
- MHEV's do not support "electric only" driving

MHEV System Layout

1. 48v Electric Supercharger
2. Twin-Scroll Turbocharger
3. 48v Lithium Ion Battery
4. Belt Integrated Starter Generator (BISG) replaces alternator
5. Conventional Starter Motor
6. 48V to 12V DC DC converter
7. 12v Battery

Item	Description	Item	Description
A	Torque (Nm)	B	Engine Speed (rpm)
C	Power (PS)	1	High Torque
2	High Power		

Engine	Power (hp @ rpm)	Torque (lb-ft @ rpm)	0-60 mph
3.0L Td6	254h hp @ 3,750	443 lb-ft @ 1,500	7.5 secs
3.0L S/C V6	340 hp @ 6,500	332 lb-ft @ 3,500	7.1 secs
3.0L S/C V6	380 hp @ 6,500	339 lb-ft @ 3,500	7.0 secs
3.0L I6 MHEV P360	355 @ 5,500 - 6,500	365 @ 2,000 - 5,000	6.6 secs
3.0L I6 MHEV P400	395 @ 5,500 - 6,500	406 @ 2,000 - 5,000	5.9 secs
5.0L S/C V8	518 hp @ 6,000	461 lb-ft @ 2,500	5.1 secs (SWB)
5.0L S/C V8	557hp @ 6000	516 lb-ft @ 3,500	5.1 secs

Please note that the TDv6 & Supercharged V8 variants will remain unchanged for 2020MY Model Year.

Range Rover Sport Plug-In Hybrid Electric Vehicle (PHEV)

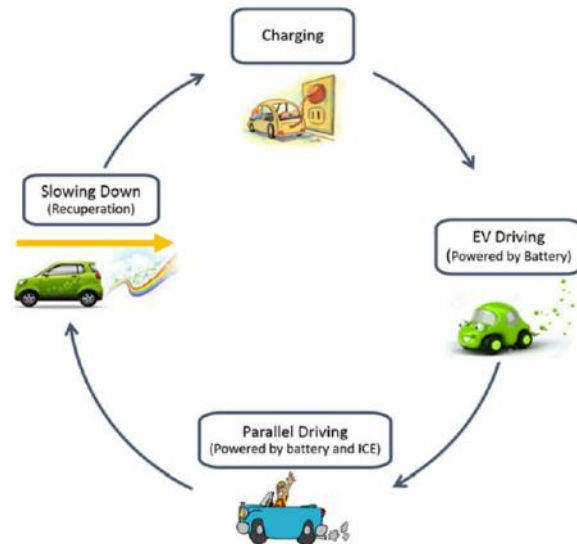

PHEV – What is it?

A Plug-in Hybrid Electric Vehicle (PHEV) includes the following features:

- Internal combustion engine (Ingenium 4 Cylinder w/ 296hp)
- 105 kW Electric motor (Approx. 141hp)
- Large high voltage battery (Approx. 12.4 kWh)
- On-board charger to charge battery. (7kW on-board charger)
- A charge point to allow battery charging in between drives for maximum efficiency.
- Integrated Starter Generator (ISG)
- Regenerative braking to recharge the high voltage battery while decelerating or braking.
- Electric Vehicle Range (Approx. 22 miles)

How it works:

- Charging - Vehicle charging from an external power supply enables large EV range via a high voltage battery in the vehicle, on board charger and the customer charge cable
- EV Driving – The electric motor in the transmission uses the stored energy to provide torque, which is delivered to the drivetrain via the transmission
- Parallel Driving - The 2.0L Petrol internal combustion engine (ICE) will restart seamlessly when required during customer usage
- Slowing Down - Energy recuperation whilst driving also provides energy into the high voltage battery for later use

P400e – Driving Modes and Features

Normal operation is in Parallel Hybrid mode where both the electric motor and gas engine work together to optimize performance and efficiencies. There are 2 energy management modes available:

- **Predictive Energy Optimization (PEO):** Activated when the driver enters a destination into their navigation system. Predictive Energy Optimization utilizes data for the route selected through the Navigation system including traffic info, elevations and road type.
- **SAVE Mode:** Prevents the further usage of battery charge to be saved for a later usage. The vehicle will only use the electric motor to assist the gas engine in power demand, but this will be recouped via regenerative braking.

Alternatively the driver can select the Manual EV mode which enables the vehicle to run solely on the electric motor using the energy stored in the battery. This is ideal for quiet, zero tailpipe emission journeys. The system will revert to the gas engine should the driver demand greater acceleration than is achievable through the electric motor alone, or if the battery charge drops to an insufficient level.

Note: Terrain Response program 'Sand' and 'Rock crawl' are not available with Manual EV mode due to Sand program requires maximum power and an inadvertent engine start is undesirable in Rock crawl.

Range Rover Performance with PHEV Efficiency

The combined 398HP PHEV can accelerate from 0-60 mph in under 6.3 seconds with a top speed of 137mph. But greater efficiency is observed when driving in the city or short distances where full electric drive mode can be utilized and regenerative braking used to extend range.

Note: The PHEV performance figures quoted are the latest manufacturer estimates and subject to change.

Note: The power curve of electric motors and gas engines do not align to deliver a max horsepower at the same time. For this reason max electric motor and gas engine HP ratings cannot be simply added to achieve total hp.

Plug-in Hybrid Charging

To realize the maximum benefit of the P400e's powertrain efficiency it is necessary to fully charge the high capacity battery before each drive cycle. The preferred charging method is using a dedicated charger capable of 7kw power supply (220 volts / 32 amps). With this power supply a full charge can be achieved in 2 hours 45 mins. If the standard equipped 110 volt charger is used significantly longer charge times are expected.

Public charging stations are becoming more popular and can provide on the go charging options. Always remember that charging times vary based on the type of power supply and charger used.

Note: If the vehicle is not going to be used for extended period of times it is essential for the high voltage battery to be charged. Leaving the vehicle connected to the charger is acceptable and will maintain battery health.

Note: Since the high voltage battery is stored in the cargo space floor two differences are observed from all other models:

- Since a Spare Tire well is no longer available all PHEV's will be equipped with the tire repair system standard.
- The cargo floor has been raised slightly which reduces the cargo capacity slightly when compared to conventional models.

2. LAUNCH TIMING

Reveal

- US Reveal April, 2019

Launch Timing

- On-Sale: July/August 2019 (TBC)

3. STANDARD EQUIPMENT SPECIFICATION WALK

Range Rover SVAutobiography LWB:

Powertrain/Dynamics

- 557hp 5.0L AJ133 V8 Supercharged Gas Engine, Unique Suspension Calibration, Black Brake Calipers with Land Rover Branding

Exterior:

21" 7 Spoke 'Style 7006' Alloy Wheel w/ High Gloss Polished Finish, Body-Colored Roof, SVAutobiography LWB Exterior Accents [Chrome Badging w/ Black Knurled Insert Hood and Tailgate Lettering, Unique SVAutobiography LWB Grille, Atlas: Grille Mesh Foil, Front Bumper Accent/Vent Finisher - Bright Chrome: Grille Inner Surround, Door Handle Surround, Tailgate Finisher], Body-Colored Side Vent Graphic w/ Chrome Inserts, "SVAutobiography Badge"

Interior:

24-way [22-Way Power, 2-Way Manual] Heated/Cooled, 'Hot-Stone' Massage Front Seats with Fixed Center Console Executive Class Comfort-Plus Rear Seats (includes Zenith Branded Clock, Heated Calf Rest Behind Driver/Passenger, Leather Cushions, SVO Luxury Finishers), Deployable Tables with Leather Finish, Mohair Mats with Leather Binding, Satin Santos Palisander Veneer, Wood and Leather Steering Wheel, Rear Side Door Power Blinds and Map Pockets, Front Center Console Cooler Compartment and Rear Seat Refrigerator Compartment, CD/DVD Player, 10" Rear Seat Entertainment, 110-Volt/150-Watts Power Outlet (1x in Row 2 & 1x in Cargo Area), Power Close Rear Doors

Range Rover SVAutobiography Dynamic:

Powertrain/Dynamics

- 557hp 5.0L AJ133 V8 Supercharged Gas Engine, Unique Suspension Calibration, Red Brake Calipers with Land Rover Branding, Unique Air Intake

Exterior:

21" 5 Split-Spoke 'Style 5005' Alloy Wheel w/ Dark Grey Finish, Black Contrast Roof, Modified Rear Bumper w/ Integrated Metal Exhaust Finishers, SVAutobiography Dynamic Exterior Accents [Chrome Badging w/ Black Knurled Insert Hood and Tailgate Lettering, Unique SVAutobiography Dynamic Grille, Graphite Atlas: Grille Mesh Foil, Front Bumper Accent/Vent Finisher, Side Vent/Accent Graphic, and Tailgate Finisher - Bright Chrome: Inner Grille Surround, Door Handle Surround], "SVAutobiography Dynamic" Badge

Interior:

Quilted Perforated Semi-Aniline Leather Seats, 24-way [22-Way Power, 2-Way Manual] Heated/Cooled, 'Hot-Stone' Massage Front Seats with Executive Class Comfort-Plus Rear Seats (includes Upper Seat Shoulder Support and Adjustable Bolsters, Heated Calf Rest, Foot Rest, Dedicated Foot-Warming Area Behind Passenger Seat, Heated Power Deployable Center Console, Heated Door Armrest, Pillow Pack, Vanity Mirror), Leather Wrapped Pillar Lowers, Steel Weave Carbon Fiber Trim Finisher, Leather Steering Wheel, Illuminated Aluminum Treadplates w/ SVAutobiography Lettering, Perforated Leather Headlining, SVAutobiography Pedals w/ Knurled Effect

Range Rover Autobiography:

Powertrain/Dynamics

Choice Of: • 518hp 5.0L AJ133 V8 Supercharged Gas Engine, • 396hp 2.0L Turbocharged PHEV Engine, All Terrain Progress Control (ATPC), Terrain Response 2, Active Rear Locking Differential, Full Size Spare Wheel, Tow Hitch Receiver, Advanced Tow Assist

Exterior:

21" 7 Split-Spoke 'Style 7001' Alloy Wheel with Light Silver Diamond Turned Finish, Atlas [Front Bumper Accent and Vent Blade, Side Vent and Side Accent Graphic, Door Handle Surround], Auto High Beam Assist (AHBA), Front Fog Lights, "Autobiography" Badge

Interior:

Perforated Semi-Aniline Leather Seats, 24-way [22-Way Power, 2-Way Manual] Heated/Cooled, Massage Front Seats with Executive Class Rear Seats, Convenience Fold w/ Remote Intelligent Seat Fold, Intelligent Cargo Mode, Power Deployable Center Console (2nd Row), 40:20:40 Split Fold, Wood and Leather Steering Wheel, Extended Interior Trim Palette including Leather Center and Lower Dashboard, Full Leather Door Panels, and Leather Center Console Sides, Suedecloth Headliner, Rear Vanity Mirrors, Satin Straight Walnut Veneer, 4-Zone Climate Control, Embossed 'Autobiography' script on center rear seat, Illuminated Aluminum Treadplates with Autobiography lettering, Premium Carpet Mats (Front and Rear), Bright Noble Plated Gearshift Paddles, Bright Metal Pedals, Configurable Ambient Interior Lighting
LWB Only: CD/DVD Player, 10" Rear Seat Entertainment

Technology:

Meridian™ Signature Sound System (1700 Watts, 29 Speakers inc. Subwoofer), Drive Pro Package [Blind Spot Assist, Adaptive Cruise Control w/ Stop & Go, High-speed Emergency Braking, Driver Condition Monitor, Lane Keep Assist, Traffic Sign Recognition and Adaptive Speed Limiter], Park Pro Package [Park Assist - Parallel/Perpendicular], Surround Camera, Head-Up Display

Range Rover P525 HSE:

Powertrain/Dynamics

- 518hp 5.0L AJ133 V8 Supercharged Gas Engine, Dynamic Response (Active Cornering Enhancement)

Exterior:

21" 6 Spoke 'Style 6002' Alloy Wheel, "Supercharged" Badge

Interior:

LWB Only: 7.87 Inches (200 mm) Longer Wheel Base / 7.3 Inches (186 mm) Additional Rear Seat Legroom, Illuminated Metal Treadplates with Range Rover Lettering, Rear Side Door Power Blinds and Map Pockets, Door Accent - "L" Insignia Letter on Lower Door Side Trim to Indicate Long Wheelbase (LWB)

Range Rover HSE:

Powertrain/Dynamics

Choice Of: • 395hp 3.0L AJ20P6 Turbocharged MHEV Engine • 254hp 3.0L Td6 Diesel Engine, Upsized front brakes with Land Rover Branding on P400 Engine (requires 20" Wheel for clearance) • 396hp 2.0L Turbocharged PHEV Engine
PHEV Only: Terrain Response 2, Tire Repair System (No Spare Wheel)

Exterior:

20" 12 Spoke 'Style 1065' Alloy Wheel, Soft Door Close, Gloss Black Grille Mesh w/ Atlas Foil, "HSE" Badge
PHEV Only: "P400e HSE" Badge

Interior:

Perforated Windsor Leather Seats, 20-way Power Heated Front Seats including Driver/Passenger Memory with Power Recline Heated Rear Seats, Heated Steering Wheel

Technology:

Drive Package [Blind Spot Monitor, Traffic Sign Recognition & Adaptive Speed Limiter, Driver Condition Monitor], Park Package [Clear Exit Monitor, 360 Parking Aid, Rear Traffic Monitor], PHEV Only: Meridian™ Surround Sound System (825 Watts, 19 Speakers inc. Subwoofer)

Range Rover:

Powertrain/Dynamics:

Choice Of: • 355hp 3.0L AJ20P6 Turbocharged MHEV Engine • 254hp 3.0L Td6 Diesel Engine, Intelligent Stop/Start, Permanent Four Wheel Drive, Drive Select Rotary Shifter, 8-speed automatic transmission with steering wheel mounted paddle shift & 2-speed electronically controlled transfer case, 4-corner Electronic Cross Linked Air Suspension (Access, Standard, Intermediate Off-Road, and Extended Modes), Terrain Response® system (including Dynamic, Eco, and Comfort Program), Adaptive Dynamics, Electronic Power Assisted Steering (EPAS), Low Traction Launch, EBD / HDC / 4ETC / CBC / DSC / ARM / TPMS / Roll Stability Control

Exterior:

19" 5 Split-Spoke 'Style 5001' Alloy Wheel, Privacy Glass fitted to rear doors, quarter windows and rear window with Laminated Hydrophobic front/rear door glass, Sliding Panoramic Roof including Power Blind, Premium LED Headlights with LED Signature and Power Washers, Rear Wash Wiper, LED tail light & turn signals, Rear fog lights, Gloss Black Grille Mesh w/ Shadow Atlas Foil, Auto-Dimming, Heated Power Fold, Door Mirrors w/ Memory and illuminated Range Rover silhouette Approach Lights, Powered Gesture Tailgate, Heated Rear Window, Solar Attenuating Windshield Glass

Interior:

Three-zone automatic climate control, Rear center arm rest with storage, Illuminated vanity mirrors, Driver and Passenger Leather Front Seat Armrests, Power adjustable steering column (entry and exit tilt away with reach and rake), Leather Steering Wheel w/ Hidden-Until-Lit Controls, Grained Leather Seats, 16-way [12-Way Power, 4-Way Manual] Heated Front Seats including Driver/Passenger Memory with Manual Recline Rear Seats, One-touch Down Driver & Passenger Windows, Aluminum Treadplates with Range Rover Lettering, Morzine Headlining (Cirrus or Ivory), Front & Rear Carpet Mats, Front & Rear Cupholders, Split 60/40 folding rear seat with load through, Loadspace Anchor Provisions, Loadspace Cover (Hinged with Hardcover), Interior Mood Lighting, Shadow Walnut Veneer

Technology:

Interactive Driver Display (12.3" TFT Instrument Display), Front/Rear Parking Aid, Rear View Camera, Auto-Dimming Interior Mirror, Rain sensing wipers, Bluetooth® Phone Connectivity, Bluetooth® Audio Streaming, Push Button Start with Keyless Entry, Perimetric Alarm with engine immobilization, Garage Door Opener (HomeLink®), Apple CarPlay®, Android Auto™, Pro Services for Warranty Period (Includes WiFi), Touch Pro Duo, Navigation Pro, Voice Control, Meridian™ Sound System (380 Watt, 13 Speakers inc Subwoofer), SiriusXM™ Satellite Radio & HD radio, InControl Apps™, InControl Remote & Protect™, Emergency Braking, Lane Departure Warning, Cruise Control w/ Speed Limiter

Safety:

Reduced-Section Alloy Spare, Tire Pressure Monitoring System (TPMS), Airbags (Front, Side, Curtain) w/ Passenger Seat Occupant Detector, Rear ISOFIX (LATCH), Power operated child locks, Electric Parking Brake, Emergency Brake Assist (EBA), Anti Lock Braking System (ABS)
