Other Changes

- Latest PIVI Pro updates align with reductive design philosophy:
 - New sidebars with easy-to-use sliding controls for volume and climate control.
 - Provide immediate and precise operation for key functions.
 - Whatever menu screen is displayed, approximately 80 percent of tasks can be performed within two taps of the home screen.
 - Haptic feedback provides an added level of tactility and communication with the user.

- New Country Road Assist now included
 - The system uses navigation data and functions in conjunction with Adaptive Cruise Control
 - Automatically adjusts the target speed in response bends in the road and changes to the posted speed limit
 - Effortlessly accelerates or decelerates the vehicle accordingly
- Adaptive Off-Road Cruise Control introduced
 - Originally introduced at 23MY on Range Rover Sport
 - Functions as a part of Terrain Response 2® system
 - Assists drivers in navigating tricky terrain
 - Maintains steady progress according to the ground conditions
 - Drivers can select one of four comfort settings
 - System intelligently adjusts the vehicle speed to align to comfort setting based on suspension inputs
